 Date of Birth: 18/05/1996

Education

PhD in Archaeology, Interdisciplinary Center for Archaeology and Evolution of Human Behaviour (ICArEHB), Faculty of Human and Social Sciences, University of Algarve, September 2021 - until present.

MA in Archaeology, Art and Culture with specialization in **Prehistoric Archaeology**, Department of History and Archaeology, School of Philosophy, Aristotle University of Thessaloniki - November 2020, Grade: 9,63/10 (Excellent).

BA in Archaeology and History of Art with specialization in **Archaeology**, Department of History and Archaeology, School of Philosophy, Aristotle University of Thessaloniki - November 2018, Grade: 7,61/10 (Very Good).

Erasmus Traineeship at the Museum - Institute of Prehistory in Florence "Paolo Graziosi". Working subject: GIS and spatial analysis. (March - May 2021)

Scholar of Erasmus+ program for traineeship at the *Prehistoric Museum of Florence - Institute, Paolo Graziosi*, Florence, Italy, March 2021- May 2021

Scholar of Erasmus+ program for studies at the *University College of London (UCL)*, London, UK, September 2019- May 2020

Scholar of Erasmus+ program for studies at the *University of Florence* (Università degli Studi di Firenze), Florence, Italy, summer semester 2018

Mother tongue

Greek

Foreign languages

Master's thesis

- Title: The Epipalaeolithic campsite of Ouriakos in Lemnos - application Geographic Information Systems (GIS) in the spatial distribution of lithics.
- Supervisor: Emeritus prof. Efstratiou Nikos (AUTH)
 - Scientific committee: Prof. Efstratiou Nikos (AUTH), Assoc. Prof. Triantafyllou Sevasti (AUTH), Asst. Prof. Katsianis Markos (University of Patras).
-

Voluntary work - excavations and fieldworks

- University excavation of Dispilio, Neolithic Lake site (AUTH) - ERC program EXPLO
 - Director: Emeritus prof.Kostas Kotsakis, August-September 2021, Dispilio, Greece.
 - Underwater survey in Bay of Kiladha, submerged Neolithic site, UNIGE
 - Director: Dr. Julien Beck (University of Geneva) in collaboration with the Greek Ephorate of Underwater Antiquities, August 2021, Argolida, Greece
 - Excavation of Kataliontas-Kourvellos, Neolithic site, UNIGE
 - Director: Dr. Julien Beck, (University of Geneva), July 2021, Cyprus
 - Surface survey in Emporio, Chios (UCL)
 - Director: Dr. Andrew Bevan (University College of London), June-July 2021, Chios, Greece
 - Surface survey in Lemnos (lithic collection and map design), AUTH
 - Director: Emeritus prof. Efstratiou Nikos (Aristotle University of Thessaloniki), June 2019-2021 , Lemnos, Greece.
 - University excavation: Ouriakos (Lemnos), Epipalaeolithic camp, AUTH.
 - Director: Emeritus prof. Efstratiou Nikos (AUTH), June 2019-2020 , Lemnos, Greece.
 - University excavation: Toumba, Bronze age site, AUTH.
 - Director: Emeritus prof.Andreou Stellios (AUTH), July 2019 and 2017.
 - University excavation: Çesme – Baglararası, Bronze age site, University of Ankara.
 - Director: Dr. Vasıf Şahoğlu (Ankara University), August 2018, Cesme, Turkey.
 - University excavation: Tosina di Monzambano, Neolithic site (UNIFI) and Museum – Institute of Prehistory in Florence "Paolo Graziosi".
 - Director: Dr. Domenico Lo Vetro (University of Florence), June-July 2018, Mantova, Italy.
 - University excavation of Vergina, Eucleia Sanctuary, AUTH.
 - Director: Emeritus prof. Paliadeli Xrysoula (AUTH), August 2017 and 2016.
-

Computational training

- Full-time attendance of selected modules of the *MSc in Computational Archaeology: GIS, Data Science and Complexity* (UCL), as an Erasmus exchange student, September 2019 -May 2020.
 - Attendance of semester laboratory class titled: “*GIS for Landscape and Environment Analysis*”. University of Florence, prof. Margerita Azzari (UNIFI), as an Erasmus exchange student, summer semester 2018.
 - Attendance of a 50 hour seminar in Python programming language, organized by Young Entrepreneurs Succeed (YES!) trust-based partnership and the Development Agency of Karditsa (ANKA), May 2021.
 - Attendance of workshop titled: ‘*Introduction in CAD design*’, organized by the Panhellenic Association of Engineering Graduates in Geoinformatics and Topography, January-February 2021.
-

Participation in conferences

- Speaker at IAS Conference - Sapienza Archaeology Meetings (3rd edition), dedicated to Digital Humanities and Landscape Archaeology, 19-20th November 2020. Presentation title: “*Getting spatialized: point pattern analysis at the lithic assemblage of the Epipalaeolithic camp of Ouriakos*”.
 - Speaker at the 5th Panhellenic Conference for Archaeology students, 7th May 2017, Kalamata. Presentation title: “*The nascence of architecture: perception and organisation of space during the Neolithic period in Greece*”.
-

University activities

- Active member of conversation team ‘*Waterscape AUTH*’, 2015-2021. Organization of meetings and talks regarding maritime archaeology, in collaboration with independent researchers, universities and institutions.
 - Member of journal club ‘*Spatial and Computational Archaeology*’, organized by Andrew Bevan, May-August 2020. Meetings of master students, PhD students and researchers from UCL and other universities, concerning methodological and theoretical issues around spatial and computational archaeology.
-

Academic interests

Landscape archaeology, Computational archaeology, Geoinformatics, Spatial analysis, Spatial statistics, GIS, Data analysis, Archaeological theory
